MEN

I have steadily and consistently for over thirty years waged war upon drugs of every description which have been prescribed or advertised for SUFFERERS OF LOST MANHOOD. There is now no reason why any man should continue to wreck his nervous and digestive systems by imbibing drugs powerless to reach the affected centre. It is the prostate gland and entire glandular system which have been weakened through man's early abuse of nature's laws. It is directly to this centre treatment must be directed before the existing weakness can be removed. The prostate gland is not reached through the stomach, but a scientific application of Electricity will enter the weakened region over the kidneys, bladder, prostate gland and liver. The vitalizing current has not only the power to heal and tone, but to strenthen and renew life. If you are weak and suffer from nervous debility in any of its forms, natural electricity is lacking in your system, and this renovating FORCE is exactly what you need. This fact was familiar long since to all reputable physicians, but until the advent of my invention,

DR. SANDEN ELECTRIC BELT

a practical application of GALVANIC ELECTRICITY had not been discovered. Since my construction of my chain battery, consisting of 18 double element cells, each a minor battery in itself, which you wear around the body just when most of the vital organs rest, WEAK MEN have been daily restored to manly strength and vigor. The result is the general acceptance of my appliance by specialists in every continent as a

over the old system of drugging, stimulating and wrecking the organism. The long and successful career I have had, extending over THIRTY YEARS, proves the merit of my appliance, which, with special attachment for men which accompanies each Belt, cures weakness in from two to three months. I have spent over THREE MILLION DOLLARS in publishing truths regarding Weakness-its cause and proper treatment-and have restored thousands to Manly Power and Strength.
